

The logo for NetPerfMeter is centered within a large yellow oval with a red border. The oval is connected by a network of red and blue dotted lines to various network components: two blue routers at the top, two at the bottom, and two server racks on the sides. Each server rack has a padlock icon. A network card is shown at the top center, and a small blue router with a red dot is at the bottom center. The text "NetPerfMeter" is written in a large, bold, red serif font, and "Network Performance Tool" is written below it in a smaller, blue, italicized serif font.
